

# Ceramic Metal Halide

Ceramic Metal Halide lamps from Venture offer an unbeatable combination of performance and reliability, as you'd expect from the world's leading name in Metal Halide technology.

## Features:

- Excellent light quality
- Exceptional colour rendering and consistency
- Increased lamp life
- Lower maintenance requirements
- Reduced heat output
- Significantly less power consumption than halogen equivalents
- Ideal for use with quality interior décors

## Ceramic Lamp G8.5

Watts	Lamp Description	Product No.	Initial Lumens	Avg. Life Hours	CCT (K)	RA	Burn Pos.	Base	Fig	Ctn. Qty
35	CMH 35/TC/UVS/U/3K/G8.5	00017	3400	10,000	3000	80+	U	G8.5	A	12
70	CMH 70/TC/UVS/U/3K/G8.5	00018	6200	9,000	3000	80+	U	G8.5	A	12

## Ceramic Lamp G12

Watts	Lamp Description	Product No.	Initial Lumens	Avg. Life Hours	CCT (K)	RA	Burn Pos.	Base	Fig	Ctn. Qty
35	CMH 35/T/UVS/U/3K/G12	00019	3400	10,000	3000	80+	U	G12	B	12
70	CMH 70/T/UVS/U/3K/G12	00020	6400	15,000	3000	80+	U	G12	C	12
70	CMH 70/T/UVS/U/4K/G12	00021	6000	15,000	4200	80+	U	G12	C	12
150	CMH 150/T/UVS/U/3K/G12	00022	14000	12,000	3000	80+	U	G12	D	12
150	CMH 150/T/UVS/U/4K/G12	00023	12000	12,000	4200	80+	U	G12	D	12

## Ceramic Single Ended

Watts	Lamp Description	Product No.	Initial Lumens	Avg. Life Hours	CCT (K)	RA	Burn Pos.	Base	Fig	Ctn. Qty
70	CMH 70/TT/UVS/U/3K/E27	00025	6200	15,000	3000	90+	U	E27	H	12
150	CMH 150/TT/UVS/U/3K/E40	00026	14000	15,000	3000	90+	U	E40	G	12

## Ceramic Double Ended

Watts	Lamp Description	Product No.	Initial Lumens	Avg. Life Hours	CCT (K)	RA	Burn Pos.	Base	Fig	Ctn. Qty
70	CMH 70/TD/UVS/3K/RX7s	00029	6200	15,000	3000	90+	HOR±45°	RX7s	E	12
70	CMH 70/TD/UVS/4K/RX7s	00027	6200	15,000	4200	90+	HOR±45°	RX7s	E	12
150	CMH 150/TD/UVS/3K/RX7s	00030	14000	15,000	3000	90+	HOR±45°	RX7s	F	12
150	CMH 150/TD/UVS/4K/RX7s	00028	12000	15,000	4200	90+	HOR±45°	RX7s-24	F	12

## Energy Efficient

Venture Ceramic lamps are highly energy efficient and offer truly exceptional performance, delivering up to 100 lumens per watt. They therefore consume considerably less energy and generate less heat than a halogen equivalent. Maintenance requirements are reduced too, as the lamps are both robust and reliable and offer a life expectancy of up to 15,000 hours.

## Excellent Light & Colour

The quality and consistency of light generated by Venture Metal Halide lamps has always been at the forefront of our design technology. The Venture Ceramic range offers a clean white light and excellent colour rendering, making it ideal for display use and for accentuating quality interiors and décors. Colours, features and textures really stand out.

Lamp-to-lamp colour uniformity is comparable to Venture Uni-form lamps, so the effect you want is never lost.
