

## Ignitor Electrical Data

|                               |                              |                     |
|-------------------------------|------------------------------|---------------------|
| Supply Voltage                | 220/240V $\hat{A}$ ±10% 50Hz |                     |
| Wattage (W)                   | 600                          |                     |
| Timed                         | Y                            |                     |
| Ignitor Type                  | Semi-Parallel                |                     |
| Pulse Magnitude (kV)          | 3.0-5.0                      |                     |
| Max. Lead Capacitance (pf)    | 1000                         | 1500 with HAA577232 |
| Max Case Temp ( $\hat{A}$ °C) | 105                          |                     |

## Physical Data

|                       |          |  |
|-----------------------|----------|--|
| Dimensions (LxWxH mm) | 50x25x17 |  |
| Fixings (mm)          | M8x10    |  |
| Weight (kg)           | 0.08     |  |

Revision: 23-09-2014

\*\*See page 2 for product notes\*\*

**Product Code: MCI-600**

**Notes:**
